New Zealand's Machine-to-Machine (M2M) Specialists

m2mone
a sierra wireless company

M2M One NZ specialise in connectivity for Machine to Machine (M2M) & Internet of Things (IoT) applications. With M2M One NZ your connected devices operate on Spark's mobile network offering greatest reliability, performance and coverage available. We deliver commercial M2M solutions and all the support that you need to get started or to take your M2M application to the next level.

A new way to connect:

✓ Online sign up and fast account setup

✓ Simple and prompt service, order today and be connected within a matter of days

✓ Pay in advance, activate/deactivate, upgrade/downgrade plans at any time

✓ Expert support and consultancy, we understand M2M applications, M2M hardware, and M2M connectivity inside out.

M2M SIM Cards

Connect your devices to Spark's mobile network with M2M One NZ. We stock Standard (2FF) and Micro (3FF). Industrial SIMs, and Embedded SIM Chips are available too.

M2M Data Plans

Mobile data plans tailored for M2M and IoT devices. We offer Individual/Capped plans and Flexible/Group plans, ranging from low use 0.5MB through to higher use 300MB data allowances.

M2M IP Networks

Our IP networks have been designed from the ground up to meet the demands of M2M and IoT. Fully managed network connectivity with static IP, Internet Gateway, and VPN remote access.

Control Centre Platform
Simplifying your M2M/IoT connectivity and operations

Automatic Activations
SIMs ship with 20KB of test data, simply test your device, exceed 20KB to Activate...

Inventory Management
List and monitor SIMs, Activate/Deactivate, label SIMs with friendly IDs...

Real Time Status
Up to date usage, session status, connection history, one click diagnostics...

Threshold Alerts
Avoid bill shock, email alerts for high or unexpected data use, e.g. 75%, 100%, 125%

Invoices and billing
View monthly invoices, with detailed data, sms, and voice billing records

Scale Easy
Platform built for growth, we can support 1 SIM to thousands of devices...
