

Do you need help connecting M2M/IoT devices in New Zealand?

M2M One is New Zealand's leading supplier of SIM Cards, Managed Data Plans and Custom IP Networking for Machine to Machine (M2M) and Internet of Things (IoT) devices.

M2M One SIM Cards powering over 500,000 devices across Australia and New Zealand across all major IoT verticals including: Telematics, Security, Vending, Retail, Payments, Digital Signage, Environmental Monitoring, Smart Cities, Energy Management, Agriculture, Asset Tracking and many more.

M2M One New Zealand Provides:

- Flexible group/pooled data plans from 30KB to 100GB.
- Managed services to avoid excess usage and bill-shock.
- Access to CISCO Jasper online SIM management platform for real-time usage monitoring and alerting.
- Access New Zealand's most reliable 3G/4G mobile networks.
- Custom networking including Static IP Addressing, IPSEC VPNs & Peer to Peer networking.

5 Reasons to work with M2M One New Zealand:

No minimums or commitments

Grow your business at your pace, your own way.

Flexibility

Change your data plan, activate or deactivate services at any time without any penalties.

Local Support

Support is provided by IoT experts in our New Zealand offices.

Automatic Discounts

We automatically discount your data plans as you grow your fleet.

We hate charging excess usage!

We monitor your data to make sure you never have bill shock again.

M2M One Group Data Plans (Flexible Pool)

With group plans every SIM on the same rate plan contributes its data to create an effective 'pool' of data across your fleet. For example 4 x 5MB SIM cards gives you a pool of 20MB.

(Note: SIM Cards do not pool across different rate plans)

If you exceed the limit of the pool you can move your SIMs on to a larger plan for the remainder of the month, paying the difference for the new plan. This is typically more cost effective than excess usage.

M2M One NZ Group Data Plans	Price per SIM per Month			
	(Volume Discount is based on Active Services) All pricing is in New Zealand Dollars (\$NZD) and EX-GST			
Pooled Data Contribution per SIM per Month	1 - 99 Services	100 - 499 Services	500 - 999 Services	Excess Usage Per MB
